Re: **Sale of Curbside Garbage Tags**

From: Solid Waste Management

---

Beginning in January 'garbage tags' will be sold from this location. Garbage tags will be purchased by residents to pay for extra bags of garbage at the curb. This is a new program in London.

Please review this document to be informed about selling tags to the public.

**Items you need to know:**

- Start selling tags in January, not before.
- The Point of Sale system will be updated to include garbage tags
- Garbage tags are \$1.50 each
- There is no HST on the tags
- Resident can purchase tags in any quantity – there is no limit
- Garbage tags do not expire
- There are no refunds on purchased or unused tags

**Inventory of Tags:**

- To start 200 tags will be delivered to you. It is important that the inventory of tags be monitored and maintained.
- Each tag has a number located in the bottom right corner. These tag numbers will be recorded by location delivered and tracked for inventory and revenue received (by staff in the Solid Waste Management Division).

**When you require more tags:**

- When you notice your inventory of tags getting low please contact Jessica Favaloro at 519-661-2500 ext. 2794 or [jfavalor@london.ca](mailto:jfavalor@london.ca). Please give 72 hours' notice.

**Locations where garbage tags are available for purchase:**

1. North London Optimist Centre – 1345 Cheapside Street
2. South London Community Centre – 1119 Jalna Boulevard
3. Canada Games Aquatic Centre – 1045 Wonderland Road N
4. Carling Heights Optimist Centre – 656 Elizabeth St

5. Kiwanis Seniors' Community Centre – 78 Riverside Drive
6. City Hall – 300 Dufferin Avenue
7. Four EnviroDepots
  - Oxford: 1450 Oxford St West
  - Clarke South: 28 Clarke Road
  - Clarke North: 21462 Clarke Road
  - W12A Landfill: 3502 Manning Drive

**Background:**

Beginning January 16, 2017 the 3 container limit for garbage collection will be enforced. Each household will be permitted to set out 3 containers each collection.

Any extra garbage above the 3 containers will need a garbage tag to be collected, or they will not be collected.

Garbage tags are only required for extra bags and cans of garbage. Large items (i.e. furniture, mattresses) are not included in the 3 container limit and will be collected.
